# YOUNG PROFESSIONALS NETWORK

*You've launched your career – now you want to take your leadership ability to the next level, find more purpose, and expand your circle of professional contacts. Then the Young Professionals are right for you.*

## ABOUT US

The Fenton Regional Chamber of Commerce's newly established Young Professionals Network is designed for ambitious professionals living and working in the Fenton area who want to grow professionally, expand their social network, and work to enrich our community.

## Membership Benefits & Opportunities

Build your network – Monthly meetings provide an opportunity to connect with professionals in your region, participate in planning FRYP events, network, exchange ideas and share common interest with your peers.

Grow Your Professionals Skills – Now is the time to invest in yourself and your career. At FRYP's professional development workshops you will gain valuable networking and leadership skills that will contribute to your professional development and success. Also meet community and business leaders as they mentor and share tips on career advice.

Engage with your Community – As a young professional, getting involved is important. FRYP will focus on opportunities to take on roles within the community through its volunteer events. At these events, you will have fun, meet people who share your interests and concerns, and make a difference in the community in which you live and work.

Connect with the Chamber – Associate yourself with the Fenton Regional Chamber of Commerce, the region's premier business advocacy organization. Learn how the Chamber enhances our community & businesses through services and resources, while fostering the economic vitality and prosperity of our region.
