Serie 370

Ultimate versatility and ergonomics

- advanced 2-component handle design for highest comfort at the toughest jobs
- 373 with removable strong bit-holder in stainless steel sleeve, doubles as power-tool accessory
- 374 with pro ratchet (max torque > 24Nm)
- 376 with extra long shaft

Be prepared for all challenges - with the best professional magazine screwdriver!

More than screwdrivers and bits

- patented telescopic magazine with magnetic housing for secure storage and easy access to bits
- 8 high performance bits (C6.3 x 25mm) of the most common drive types and sizes

Felo is the leading manufacturer of screwdriver systems based on interchangeable blades, and one of the premier German manufacturers of high quality screwdriving tools.

A large and growing number of patents are proof of the innovative power behind the unique Felo assortment.

When you’re in a tight spot

Series 370 offers the perfect screwdriver for situations where your toolbox is out of reach.

Suitable for all standard bits!
