

2017 AMBASSADOR

JEFF TINDALL

Managing Director
Tindall Media

Jeff Tindall is a technology executive with over 20 years of experience in the software industry. His primary focus has been on Microsoft technologies, distributed networked applications, and parallel data processing. He started his technical career in healthcare documentation management software with Healthcare Technologies, Inc. while attending the Georgia Institute of Technology where he graduated with a Bachelor of Science in Computer Science. Jeff has a strong track record of building teams and solutions for line of business and enterprise software solutions. He is currently Managing Director of Tindall Media, an outsourced technology leadership and software development company. Their most recent solutions have been robust and responsive applications taking advantage of the Microsoft Azure cloud platform.

Jeff, his wife Tiffany and two children Elyse and Jacob live in the historic Lottie Moon house located in Cartersville, GA. He is very active in supporting social causes in Cartersville – particularly the Red Door Food Pantry, BLESS Coalition, and the Good Neighbor Homeless Shelter. In his spare time, Jeff enjoys collecting spoons, seashells, and experimenting with various facial hair styles. Jeff is currently focused on becoming the next winner of Cartersville Dances with the Stars.
