

**(Unless You  
Need Two)**

#### **Smooth Surface**

*Hidden fasteners allow for a clean, smooth deck surface and are safer for bare feet.*

*You don't have to worry about nails or screw heads snagging unsuspecting toes.*

#### **Visually Pleasing**

*For years to come your Endurable Deck will have the lasting appeal with its clean lines and unblemished surfaces. From any angle, top or bottom, an Endurable Deck looks great.*

#### **Endurable Stairs**

*Our stair systems are built to last using the same quality materials as our decks.*

*They share the same versatility, durability and structural integrity.*
