HOLIDAY HOURS

The union hall will be closed on the following days:
November 28 and 29, 2013 - Thanksgiving and the day after.
December 24 and 25, 2013 - Christmas Eve and Day.
January 1, 2014 - New Year’s Day.

Retirement Club

The Retirees Club would like to welcome the following new members: Kathy Grant, Cathy Sackrison, Earl Nordstrom, Ray Watkins, Martin Bistram, Fred Tuckner and Mark Benson.
The next 2 meetings are November 20th and December 18th (the Christmas party).
All retirees are welcome to come and join for a mere $12.00 a year.

Notice To All Members

The Delegates of the 38th IBEW International Convention, which was conducted in Vancouver, British Columbia, Canada, during the week of September 19 through 23, 2011, approved several amendments to Article IX of the IBEW Constitution.
Accordingly, effective January 1, 2014, there will be an increase of two dollars ($2.00) in the per capita that is paid to the General Fund, and therefore, the rate for all members shall increase.
This will be in addition to any annual increase that you may receive.
If you have any questions, please feel free to contact Rose Eiden at (612) 781-3126.

Greetings. The 30th Annual Pig Roast was a big success. The weather was good, the food was great and it was nice seeing the large number of folks enjoying themselves. I would like to thank our three cooks, Dan Gardas, John Harris and Steve Adams. You guys always do a fantastic job.

Congratulations to our Xcel Energy members. It has been many years since the membership ratified the first Proposed Terms and Conditions of Settlement of the Collective Bargaining Agreement. It is a good settlement and now the membership won’t be dealing with the uncertainty of the vote in the final days of the year.

At the time of this writing, the Local Union and our members at Foster Wheeler Twin Cities, Inc. don’t know for certain when the new company under contract with the University of Minnesota will be taking over. With the notification that their health insurance will be terminated on December 31, 2013 and the uncertainty of when the new company will take over, for the thirty-three (33) union members, have been having a very difficult time. I will continue to reach out to the people involved and get some answers for our members.

I had the privilege to attend the 2013 Lineman Rodeo in Bonner Springs, Kansas in October (see next page). The Union is working with Leigh Conducy (MN Mo-Valley Instructor) and is planning to send Local 160 Apprentices to the 2014 Lineman Rodeo. It has been too many years since Local 160 members have competed. If there are Linemen and Apprentice Linemen that are interested in participating next year, please let either myself or your Business Representative know so we can plan for it.

And finally, as 2013 seemed to fly by, it is hard to believe we are already at the holiday season! I would like to take this time to wish all of you and your families a very safe and happy holiday season.

Fraternally,

Thomas G. Koehler

******************************************************************************

At the March 2013 Executive Board meeting, a motion was made, seconded and passed to amend Local 160’s scholarship fund. 3 awards will be given out for the David C. Ring Scholarship and 3 awards for the Amy O’Sullivan Scholarship.

On April 12, 2010, Local 160 member Nathan Blomquist was killed in a car accident on his way to work. Nathan was a very proud Apprentice Lineman and union member. Since then, Nathan’s parents decided that they wanted to set up a scholarship in Nathan’s name. So beginning with 2014, the Nathan Blomquist Vo-Tech Scholarship be will giving 2 awards out each year to the Outside Construction member’s families. If there are no applicants from the Outside Construction area, the scholarships will then be awarded in the same pool as the other for the Vo-Tech school.

Union Plus 2014 Scholarships are now available. The scholarships can be accessed online at www.unionplus.org. Click on the Legal and Education tab and then click on the Union Plus Scholarship. The deadline for this scholarship is January 31, 2014. All other scholarships will become available sometime at the end of January 2014. All Scholarships will be accessible on our website to download.

If you have any questions please contact Jenny Olson at the union hall (612) 781-3126.
The 30th Annual International Lineman’s Rodeo was held on Saturday, October 19, 2013 in Bonner Springs Kansas. The host utilities were Kansas City Power & Light and Westar Energy.

The Lineman’s Rodeo attracts the best lineman from around the world to compete in events based on traditional lineman task and skills. The first Lineman’s Rodeo was held in September 1984, with twelve (12) teams from Kansas and Missouri. The Rodeo has since grown to over 200 teams and 250 apprentices.

The Team Events consisted of Hurtman Rescue, Pole Climb and (2) Mystery Events. Teams consist of 3 members. The Apprentice Events consisted of Apprentice Written Test, Hurtman Rescue, Pole Climb, CPR w/ AED and a Mystery Event.

The 31st Annual International Lineman’s Rodeo & Expo in 2014 will also be held in Bonner Springs, Kansas. If you are interested in participating in the events next year please contact Business Manager Tom Koehler or your Business Representative.
The 30th Annual Pig Roast

Members and retirees from Local Union 160 had a gorgeous day to enjoy the 30th Annual Pig Roast. Once again it was a pleasure to see all the people visiting with each other, eating the great food, trying to win big bucks on the Plinko Board and hoping to win a door prize and/or COPE prize.

A special thanks goes out to four (4) of our members, Dan Gardas, John Harris, Steve Adams (all from Xcel Energy) who cook the wonderful ham, pork and beef, and to Bill Cort (East Central Energy) who supplied us with the meat, beans and potato salad.

Local 160 would like to thank all the contractors and companies who contributed door prizes and COPE prizes. If it weren’t for their generosity, this pig roast would not be a success.

And thank you to all of the office staff and Executive Board for all the hard work and planning that was put into the Pig Roast.

Xcel Substation/Transmission Old Timers

On Friday, October 25, 2013, Xcel Energy Substation/Transmission Department celebrated its 64th Annual Old Timers Dinner at the Radisson Hotel in Minneapolis. Sixty-four years is a long time to keep a tradition going but what is more remarkable to me about this record is that Boots Nielson, one of the two people who planned and started the very first party, has attended all 64 parties (Boots can be seen in the picture sitting second from the left).

Dave Johnson, Manager of Xcel Substation Construction, Bill McCarron, General Foreman of Xcel Transmission Construction and Randy Silha, General Foreman of Xcel Substation Construction do the lion’s share of the planning for the party and they deserve a special thank you. Over the years there have been attendees from all different NSP/Xcel Energy Work groups. Please consider attending in 2014.

Jim Brereton - Retiree

On September 9, 2013 Local Union 160 was honored to be invited by Mark Vogt, Wright-Hennepin President and CEO, to a ribbon cutting ceremony held at Wright-Hennepin Cooperative located in Rockford, Minnesota. The ribbon cutting celebrated the historic dedication of the WH Solar Community.

When people think about solar generation most often they think about a large solar array mounted on the roof of their house facing toward the sun. These are definitely functional but not the most aesthetically pleasing. WH Solar Community is unique because rather than individuals mounting solar panels on their house, they built the entire solar array at WH headquarters. Individual investors were able to purchase one or more panels, up to the amount needed to serve their annual energy needs. WH actually offered its investors financing for the purchase of the panels. It was like “one-stop shopping” for solar panels. The individuals who purchase solar panel(s) receive a kilowatt-hour (kWh) credit on their monthly energy bill.

Other utilities are beginning to consider similar offers to their customers, but WH is out front leading the way and they should be commended for this.

If you are heading out Highway 55 West take a few moments to stop and take a look at what WH has done. It is very impressive.

James P. Brereton
Executive Board Member
Dear Brothers and Sisters,

I try to refrain from sending out political or offensive material of which this message is neither. I have a passion for what the National Sisterhood United for Journeyman Linemen (NSUJL) does, as I know many brothers and sisters do. Please take the time to check out their website at www.nsujl.org to learn more deeply what this nonprofit organization does for the families of those in the Brotherhood, that now includes those with a Groundman or Operator classification. It is never welcomed news to hear about one of our brothers or sisters having an accident, but it is good to know that there is a group of ladies out there that have made it their job to reach out to that family.

If you aren’t already, please consider a membership with the National Sisterhood United for Journeyman Lineman, it is one of those “feel good” about donations. Thank you.

In Brotherhood,

Kevin J. Peterson  
Membership Development Rep.
