Mayor Dan McLaughlin addresses chamber members

From the Top...

President's Message

Spring is the time when you make things happen. Closets are reorganized, the winter clutter from the garden is cleared and our thoughts

turn to planning what we want to accomplish in the months ahead.

The Chamber's plans for the spring and summer months have already begun. The Board of Directors and I would be honored to have all of you attend our first Member Appreciation Night at RoccoVino's Italian Restaurant, 11255 W. 143rd Street on Monday, April 29. It's important to me during my year as President to find out what we can do to make chamber membership even more valuable to you. Please bring your suggestions and even your criticisms. We learn from everything you share with us. Even if you just want to stop in to mingle with others, please do. This evening is our thank you to all of you, our members, and we'd love for everyone to put us on their calendar.

April will bring one of our most popular events. The OWN (Orland Women's Networking)

Luncheon will be held on Tuesday, April 16 at Silver Lake Country Club. Make sure you plan on attending as the day promises to be a motivating one. Speaker Gia Claire will help you become an effective leader. There is still time for you to reserve a luncheon or sponsorship spot so check out the information on page 5 and download the registration form from the home page of our website.

The Chamber's Golf Outing committee is making plans and looking for volunteers. Looking for a way to be more involved in the Chamber? Watch your Chamber calendar for the meeting dates and see how you can participate. Our Golf Outing is a high profile way to promote your company, so consider sponsoring the event or purchase a golf foursome. Bring a client or employee and enjoy a day in the sun! Registration forms for sponsorship and golf are available on the home page of our website.

Be sure to let your artistic friends know about our Fine Art Fair at Orland Park Crossing July 20-21. The Chamber is now accepting

registration forms for artists to be a part of this popular event held in partnership with the Village of Orland Park and Orland Park Crossing. The registration form can be downloaded from the home page of our website.

With the warmer months approaching, have you considered hosting a Business after Hours? It's a great way to showcase your business and partnering with a fellow chamber member will help you both expand your customer base. Just give Keloryn, our Executive Director a call at the Chamber and she will help you arrange a date and get started.

Whatever your spring activities include, make sure to fit the Chamber into your schedule. There are a lot of different options for you and I would appreciate hearing how the Chamber can help you grow your business in the year ahead. After all, that's what we're here to do!

Marc

Mayor's News and Notes

Thank you

Thank you to the Orland Park Chamber for hosting the February State of the Village Address. I always look forward to seeing everyone and being able to share the wonderful things happening in Orland Park.

Last year marked the village's 120th anniversary as a municipality and we saw significant improvements in many facets of the village. State of the Village on YouTube Those unable to attend the breakfast can access the State of the Village video on the village's YouTube channel at www.youtube.com/VillageofOrlandPark. There you can also see the village's first ever music video that debuted at

the chamber breakfast.

Our Office of Public Information produced the video tribute to Orland Park, enlisting the help of volunteers from throughout the community and the videography talent of Eyelight Studios of Orland Park. The response to this year's video has been great and we're already planning for next year. Businesses that want to share the village's music video on their websites are invited to post a link to the village's YouTube channel.

Village of Orland Park's Annual Report

The village introduced its annual report last year and this year we included even more financial information. It is what you would expect as a stockholder

of a major corporation as the businesses and residents are the stakeholders in our community. The report was delivered in the March 7th edition of the Orland Park Prairie Newspaper and can be found on the village's website at www.orland-park.il.us.

Accountability

The village completed its first community wide survey in 2012 and a majority of those responding are pleased with the village's direction with 91% of them recommending Orland Park as a place to live. This year the village will conduct a business survey and will alternate each year between the two, one for residents and one for businesses.

This spring, the Village

Firehouse Subs was begun by an entrepreneurial spirited family whose decades of fire and police service contributed to the creation of the franchise in 2005. Firehouse sandwiches, salads and soups are made with the best meats, cheeses and toppings available and will keep you coming back for more.

Unlike other sandwich shops, Firehouse steams the meats and cheeses releasing a rush of flavors. Served on their toasted private recipe sub rolls, the sandwiches are a winning combination. The Firehouse Subs Public Safety Foundation, which is a non-profit arm of the

The goal of Firehouse's Public Safety Foundation is to ensure that these local organizations have the tools, technology and training they need to do their jobs. Firehouse Subs is located at 15892 S. La Grange Road and you can reach owners William and Christine Vanderbilt at (708) 428-4125 or by email at Christine. vanderbilt@firehousesubs.com.

A Well dressed man... Submitted by Joann Ambriz, Formally Modern Tuxedo

With the emergence of Casual Friday, men's tailored fashion had seen a decline similar to the 1970's. That trend is now changing with the inspiration of TV shows like Mad Men and Suits. More formal affairs are calling for men to dress up and the way a man is dressed can definitely give him an edge in a competitive employment picture.

If it has been awhile since you updated your wardrobe,

you may be surprised at how fashion has changed. Here are some guidelines on what's in for menswear:

It's All About the Fit- It doesn't matter what kind of suit you're investing in, whether it's \$200 or \$2,000 it has to fit properly. We've seen plenty of guys who've bought the right suit but didn't have it tailored and it hangs on them like an ornament on a tree. And we've seen men in cheap but well-tailored suits that

look like a million bucks. A suit has to fit right, or else there's no point in buying it.

What Is A Proper and Timely Fit – A good fitted suit should hug your shoulders and when you button the jacket there should be a definition in the waist. It should make you want to stand up straight and will therefore be much more slimming. The sleeves should not be loose but conform to your arms and the cuff should come

to the wrist so a ¼ inch of shirt cuff shows.

Finish It With a Sleek Trouser- The pant should mimic the jacket with a flat-front (no pleats), slim leg and very little break at the ankle. You do not want a lot of excess around the tops of your shoes. Think clean lines from head to toe.

Shirts and Accessories- the shirt should also be fitted and slim fit suits mean a slimmer tie. Aim for a tie that is 3-3.5 inches wide to match the current lapel styles. If you want trendy you can go with a 2.5 "skinny" tie but make sure the coat/pant compliments that look. Most suits are very neutral (black, grey, navy) so the area to have some fun is in the socks- patterns and bright colors are very in right now.

A well-fitting and fashion forward suit will definitely make a guy noticed and what woman doesn't like a Sharp Dressed Man.

State of the Village

(continued from pg 2)

Board, administrators and key community leaders will focus on developing a strategic plan for Orland Park and with it staff will launch a performance management program with performance targets. The combination of community surveys, strategic planning and a performance management program helps the village be accountable to the community we serve.

Village Events

The Village of Orland Park Recreation Department Spring/Summer Program Guide was delivered at the end of February and is full of village sponsored events and programs. Local businesses that would like to learn more about sponsorship opportunities for the village's many programs can call 708/403-6145 for details.

Celebrate the Arts in Orland Park

The 2013 Fine Art Fair planning is well underway. This event, held in partnership with the Village of Orland Park and Orland Park Crossing will be held the weekend of July 20-21. We're looking for gifted

artists that would love to sell their art work at this community event, Do you have a friend who loves to paint, create jewelry, take photographs or make pottery? Let them know about our Fine Art Fair.

Orland Park Crossing will provide their location for the fair again this year and we're looking for all mediums of art. To be considered for the Fair, artists need to submit two photographic samples of their art work along with their \$75 reservation fee to the Chamber office or by email to donna@orlandparkchamber.org. Early Bird Rates are in effect until April 5; after April 5 the booth reservation fee is \$100.

Mark your calendars and bring the family to

help support the arts in Orland Park. Mom and Dad can shop the artist booths while the kids join in on the community art project! Everyone can enjoy the entertainment and refreshments from the local restaurants. Join us for an artistically fun day!

The artist's application can be found on the home page of our website, www.orlandparkchamber.org or contact the Chamber office at 708-349-2972.

way to get your name out there. Does this sound like something you want to tackle? Don't worry about your grammar or punctuation. We know you're busy. Public Speaking- Clear Your Fear at our Monthly Meeting!

We've all heard that the fear of death is second only to the fear of public speaking. Public speaking is a common source of stress for everyone but if you're looking for one of the cheapest and most effective methods of promoting your service or product, concentrate on the positive results of doing a presentation.

Whether we work alone or with large numbers of people, eventually we will need to speak in public to get certain tasks accomplished. And if we want to be leaders or achieve anything meaningful in our lives, we will often need to speak to groups, large and small, to be successful.

Mike Grady recently received the Distinguished Toastmaster recognition, the highest honor that can be earned by a member of Toastmasters International, a world leader in communication and leadership development.

Join us at this month's

Membership Meeting on Wednesday, April 24th when he will provide insight on how to become a more effective communicator.

The Monthly Membership Meeting will be held at Silver Lake Country Club, 14700 S. 82nd Avenue, Orland Park at 7:45 - 9:00 am. Members - \$15, Non-members and at the door-\$20. You have nothing to lose - but your fear of public speaking!

Member Appreciation Night!

When was the last time that we asked YOU what your expectations are from the Orland Park Area Chamber of Commerce? What can we provide to improve your investment in our organization?

Our President, Marc Lochow, truly wants to get to know you, our members, and find out how we can become a better chamber. We know your time is a precious commodity; you have many demands from running your business, participating in your family time and time to just breathe. We hope you can join us for a couple of hours to get to know Marc, meet the Board of Directors, and let us know how we can better serve you.

RoccoVino's Italian Restaurant will provide refreshments; we'll have prizes and raffles to make it fun. We hope you can take an evening to mingle with members to connect and collaborate and take our organization to the next level. Since space is limited, we need you to RSVP so we know how many to expect.
