Fixed Outboard Motor Bracket

This economical fixed motor bracket is designed specifically for the weekend fisherman. The Model 27 is made from 1/4" heavy duty fabricated aluminum.

This aluminum bracket features an 8" setback and a black powder coat finish. It is rated for auxiliary motors up to 35 HP or 150lbs. In addition, the model 27 has a 5" high adjustment to accommodate short shaft motors.

To provide adequate support for your Panther bracket, the transom side of the bracket must be fully covered by the boats transom.
