

April 21, 2017

Hon. Don Morgan  
Minister of Education  
Government of Saskatchewan  
Room 361, Legislative Building  
2405 Legislative Drive  
Regina, SK S4S 0B3

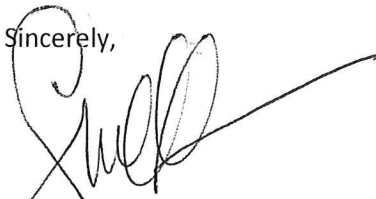

Dear Minister Morgan,

I write to encourage you to endorse the work of the Saskatchewan Human Rights Commission on their Essential Citizenship Competencies curriculum.

The need for our students to learn how to be and what it means to be good citizens has never been more important. The globe is getting smaller and our economy is dependent on world markets, plus our population is more diverse than ever. Clearly the need to understand what this means to young people is one of the main foundations of who that person will become.

The addition of new curriculum is difficult and we appreciate the pressures and the process involved. However, when this curriculum is developed and the need so clear, we fully endorse your Ministry taking steps to have it available to students as soon as possible.

Sincerely,

Steve McLellan  
Chief Executive Officer

Bcc:

Dr. David M. Arnot, Chief Commissioner, Saskatchewan Human Rights Commission
